

## 2019 Annual Report

"For the good of our neighbors" | Corinthians 10:24

## Mission Statement

We are here to serve the needs of the migrants through our Christian ministry.

## Our Purpose

- To supply a Christian-based ministry to migrant workers and their families in the Hartville area.
- To work in cooperation with other agencies and organizations to assist migrant workers.
- To encourage a sense of worth and community belonging among migrant workers and their families.
- To build awareness of cultural diversity and advocate for the good of migrant workers.

## Vision Statement

The Hartville Migrant Ministry members envision an environment in which migrant farm workers have access to services that increase their quality of life and in which racial, ethnic, and cultural diversity is embraced.

**Hartville Migrant Ministry** 330.877.2983  
PO Box 682, 3980 Swamp Street, Hartville, OH 44632

## **Executive Board Members**

Lora Wyss | President of the Board, Nursing

John Zapp | Vice President of the Board, Ministry (January-May)

Conley Frees | Secretary of the Board, Education

Harvey Wagner | Treasurer of the Board, Financial

## **Staff**

Debra Arner | Director of Services, Grants

Elizabet Behrend | Financial Coordinator, Website Coordinator

Jennifer Maurer | Coordinator of Volunteers (May-present)

Dr. Teresa Wurst | Medical Director

## **Board Members**

Mike Dorsey | Property

Derek Kubilus | Ministry (June-present)

Elizabeth Maier | Hospitality, Public Relations

Jennifer Morrow | Medical

## **Committee Chairs**

Mike Capitena | Ministry

Camelly Cruz-Martes, Kelly Washbourne | Children's Education Night,  
Coordinator of Interpreters

Otto Orf | Sport Activity Night Director

Melissa Reinhart-Russ | GED Teacher

Christa Robles | ESL Teacher, VBS Director

Debbie Varga | Library

## Message from the President

**Lora Wyss, PhD, APRN-CNS, Certified School Nurse**

Dear Friends,

Although many growing seasons follow the ups and downs of weather patterns, few seasons have proved to be as dramatic as the summer of 2019. The rain-soaked, flooded fields of the first portion of the season created a near disaster that threatened to destroy livelihoods. Fortunately, the August sunshine that stretched nearly to October enabled growers to salvage the season, and migrant farmworkers were able to recover. Whenever the Hartville Migrant Ministry identifies a problem, great or small, YOU, our amazing group of donors, supporters, and volunteers respond. Thank you for your constant contributions and your willingness to give additionally in emergency situations.

Georgina Hernandez holds Ruby as she receives treatment from Lora Wyss. (Todd Biss Photography)

What have I learned from the 2019 growing season? That even in the darkest hour, I should never doubt the commitment of the Hartville Migrant Ministry community to care for Migrant farmworkers and family members. As I look at nearly installed flooring and the framing for handicapped accessible restrooms, I know that 2020 will be an even better year in service to the migrant community. The remodeling will provide for more sanitary conditions for both children's programs and the medical clinic. Our improved facility will enable us to better meet the challenges of the future.

"He has shown you oh mortals what is good. And what does the LORD require of you? To act justly and to love mercy and to walk humbly with your God" (Micah 6:8).

Lora Wyss  
President of the Board | Nursing Director

## Director of Services: **Debra Arner, MSN, RN**

The 2019 growing season has been one of many blessings; volunteerism and community support were astounding! This spring began with what was probably the worst weather possible for growers in the area, affecting not only them, but also the migrant workers.

Finances for migrant families became a great challenge. In response, many community partners and personal donors came through with money, food, paper products, and laundry detergent to help ease the situation until work became more sustainable. Three large grocery distributions were held for all migrant households, and many weekly donations were brought to the Center by private donors as well as the FISH pantry.

These caring acts offered hope and love to this community. A lot of hard work along with caring volunteers and donors made 2019 the accomplishment it was!

## Coordinator of Volunteers: **Jennifer Maurer, BS**

The 2019 growing season for the Hartville Migrant Ministry has truly been one filled with grace, love, and blessing. In grace, we executed programs like our Monday night Children's Program, our Thursday Sports Night, Vacation Bible School, ESL classes, our library reading challenge, and a weekly bread ministry.

In love, we were able to provide Welcome Bags in the spring, food drives through the season when rain prohibited our community from working, and brand-new school supplies to our students as they began their school year. However, our deepest, greatest blessing comes from bearing witness to the work you do, dear volunteers. You showed up in droves this season, willing to serve with love and excellence.

Whether you provided food for the hungry, helped with programming to enrich education or faith, or gave of your expertise and knowledge in our medical clinic, your contribution to our community this season was invaluable. We see and appreciate the gifts that you each brought to our ministry.

We cannot thank you enough, dear volunteers, for serving in grace and love, and we look forward to serving alongside you next season!

## Medical Director: **Teresa Wurst, MD**

The Hartville Migrant Clinic's generous volunteers worked countless hours to provide medical care to migrant farmworkers and their families. Aultman Family Medicine resident and attending physicians, Akron Children's Hospital resident and attending physicians, numerous physicians in private practice, retired physicians, undergraduate students from many institutions, NEOMED medical and pharmacy students, nurses, phlebotomists, and physical therapists all worked together as a team to provide high quality medical care from May through the end of October. We welcomed several new volunteer physicians to our family. Dr. Dan Butts is a recent graduate of the

Aultman Family Medicine Residency Program and is now working for the Aultman Medical Group in North Canton. He also volunteers on medical mission trips to Honduras. Also from Aultman's Family Medicine Residency is Dr. Vincent (Yu Han) Lee. He also works for the underserved community in Alliance at a Federally Qualified Health Center. We look forward to being joined next season by Aultman Physicians Dr. Diana Tec and Dr. Preston Houston. Also, after over a year of working out of state, Dr. Katie Sheridan plans to again return to care for our migrants and provide obstetric care in the spring.

The clinic could not exist without the generosity of many private donors, organizations, and pharmaceuticals from Americares. Grants were funded by North Canton Medical Foundation, Community Health Services Foundation, AHEC (Area Health Education Center), and The Ohio Department of Health Uninsured Care Funds, all of which we are very grateful to have received. Medical Interpreters from Kent State University and Walsh University, coordinated by Drs. Camelly Cruz-Martes and Kelly Washbourne, facilitated communication for all medical visits.

The Center provided 428 patient visits to 181 women and 168 men. These numbers include 79 children's visits. There were 26 Head Start Well Child Visits at the beginning of the season with 23 additional immunization visits, 21 GYN visits, and 5 mammograms. Additionally, 169 tuberculosis screening tests, 79 influenza vaccines, 11 tetanus boosters, and 4 pneumonia vaccines were given. While we did not have a physician to provide obstetric care on site this season, we will be able to offer this service again in 2020 by Dr. Tec and Dr. Sheridan. Obstetric care was provided at My Community Health Center in Canton. Direc-

tor Deb Arner worked hard to be a patient advocate, coordinating care for referrals, helping patients find ways to afford expensive medications, and helping them navigate our complex healthcare system for this underserved population for which there are not sufficient resources for their health care. We believe health care is a right all human beings deserve, and it is a privilege to do God's work at the Hartville Migrant Clinic.

## Spiritual Development Report

In 2019, the spiritual life/pastoral committee aimed to improve programs and to look at new opportunities for growth. This year, the Roman Catholic community continued to hold weekly Sunday evening Masses. Additionally, religious education for Adult Bible Study sessions were held, as were weekly First Communion, Confirmation, and Baptism Preparation classes. New this year were weekly youth groups. The final service of the 2019 Growing Season in Hartville was brought to an ending on September 15, 2019, in the open field on Duquette Ave. Nearly 200 individuals came to celebrate life through the wise words of Father Ernesto Rodriguez. Four individuals took first Communion, and two were Confirmed. This was followed by a delicious dinner provided by Holy Spirit Parish Knights of Columbus and some of the migrant workers' families.

The service of the Hispanic Ministries in Hartville Ohio, orchestrated by Sister Maria Estrada (in early May), Yami-let Fleming, and Dianna and Deacon Mike Capitena, bring both Liturgical and Catechetical programs to the migrant workers and their families each year. The goal of Hispanic Ministries is to encour-

age and strengthen the spiritual life of the farmworkers and families. This is provided through weekly Spanish language services and religious education for children and youth, the administration of the sacraments, and adult Bible study. Not only did Deacon Mike Capitena help with weekly lessons, he also prepared and married a migrant couple in late August at Holy Spirit Catholic Church.

To wrap up the season, Father Ernesto Rodriguez again traveled with many migrants to visit the world's tallest statue of "Our Lady of Guadalupe" in Windsor, Ohio. The ministry was again privileged to have Bishop Abraham Allende, Bishop of the Northeastern Ohio Synod of the Evangelical Lutheran Church in America, lead the devotion at one of our weekly sports nights when he engaged the children in an interactive devotion. Bishop Allende's contributions brought many smiles that evening!

Over 50 youths came out to join in on the fun of VBS. Each night included games, crafts, snacks, teaching, and music. On the last night, a party was hosted for the families with a cookout, bounce house, snow cones, and cotton candy. In a volatile world where people use differences to divide, the ministry saw how the Bible teaches that all humans are equal, valued, and loved by God. Sixteen youths made the decision to commit their lives to Christ and received materials to help them in this commitment.

These were just some of the explicitly religious activities offered to the migrant community through the Migrant Center, along with options for local congregations and religious organizations to explore ways to reach out to the sojourner in the land (Lev. 19:33-34) in many and various ways.

### Education Program: Summer Program

The summer program began on June 14 and concluded on July 29 at Marlinton Middle School with Principal Mike Groholy as the Director. Thirty-five K-8 students were enrolled in the program this year. The curriculum was basically the same as last year; academic courses were held in the morning along with enrichment programs in the afternoon. A variety of weekly field trips exposed students to careers and experiences with which they might otherwise not have been acquainted. As always, the teachers focused on being open to new ideas to help students develop as good people and as successful learners.

The staff made a point of amplifying some of the regular classes by getting students more involved with hands-on activities in gym and STEAM classes (science, technology, engineering, arts, and math). There was also a lot more involvement with the horticulture department this year including fishing and learning about plants. The swim program at the Lake YMCA was new and proved to be an activity that students particularly enjoyed. Additionally, an always-popular component of the program, the Rodman Bookmobile, made four stops at the school this summer. Students were able to select reading materials that were of particular interest to them.

At the end of the year, Family Night focused on giving families a chance to see the school, meet teachers, and view their children's work. At least one family member for each student attended this year.

The final day of classes featured a special demonstration by the Portage County Sheriff's Department showing how their dogs work as partners in law enforcement.

The high school program enrolled three students in the OdysseyWare computer program which is designed for individual work on credit recovery (making up course credits) and elective course work.

### **Education Program: Daycare**

The Daycare Center opened on June 3 and was again operated by the Community Development Institute in collaboration with the Migrant Ministry. It ran smoothly in terms of daily functioning for the 18 enrolled students. The curriculum, "It's a Big Day," was the same as in past years, although next year there are plans for a change. Due to asbestos removal from the daycare center's kitchen, lunches were provided by Bob Evans or Bob's Pizza. Final asbestos removal is scheduled to take place this winter. The Center's last day of operation was October 17.

### **Education Program: ESL and GED**

The English as a Second Language class (ESL) was once again led by Christa Robles on Thursday evenings from 6:30 to 7:30 p.m. Language learning is difficult, especially after a full day of hard work. The instructors tried to make class relevant AND fun, covering topics such as how to order food or make money transfers, while laughing along the way. Meals were graciously provided to make it easier for students to arrive and study. About 10 different students, usually 4-5 each night, took advantage of this opportunity. The General Education Development class (GED) was also held on Thursday night and was led by Melissa Reinhart-Russ. On average, five students attended and had the opportunity to increase general knowledge for completing the high school equivalency exam.

### **Education Program: Library**

Debbie Varga and her volunteer staff provided Spanish and English reading materials to youth and adults throughout the summer. Emphasis was placed on materials that focused on career opportunities. A new reading program was begun mid-season and staffed by 10 volunteers. The plans are to start the program at the beginning of next year in order to draw more children in. The program ended this year once Marlinton Schools opened on Sept. 3.

### Education Program: Summer Children's Program

The summer children's program served 50-60 children and was led by Drs. Kelly Washbourne and Camelly Cruz-Martes with the assistance of students from Walsh University. The program's goals included self-expression, creativity, physical education, camaraderie, and community pride. The Monday evening activities were centered around individual themes such as dreams. The children created crafts from different traditions such as marbled paper, corn husk dolls, fairy jars, and aboriginal dot painting, and enjoyed a variety of field games such as yoga challenges, relays, and other kinds of team building, as well as musical theater with instruments. The summer started as always with the annual book fair when children could each pick out seven books to take home, encouraging strong reading habits. Parents often attended and activities were inclusive of all ages, younger and older children alike.

### Hospitality

Hartville Migrant Ministry was blessed to continue the traditional hospitality initiatives in the 2019 growing season. As the migrant families settled in, they were provided Welcome Bags filled with basic day-to-day necessities along with bed linens and pillows as they registered. In addition, Agape Bread Ministry graciously continued to deliver assortments of bread on a weekly basis. At the start of the school year, children were given book bag gift cards, shoes, and school supplies that were provided by our generous donors.

### Website

In July, the Hartville Migrant Ministry (HMM) was invited to the Cleveland Give Camp. This was a weekend-long event where software developers, designers, database administrators, and project managers donated their time to create software and web-based applications for nonprofit organizations. The goal of

the weekend for HMM was to update the webpage. The process began with an application in the spring, and from there, HMM was chosen as one of 18 out of 50 applicants to join the 2019 camp. The camp was located on LeanDog Boat at Burke Lakefront Airport. The event began on a Friday evening by meeting the team assigned to our project; then the work began. The HMM team was made up of web designers, copy writers, software builders and a team leader who worked with the staff tirelessly over many hours of that weekend to help create our improved website. They worked together to avoid potential problems that might come up - then, finally, the launch of the improved site late Saturday night. Although the new site is up and running, there are still more areas we want to work on that will help the community see what is happening at the Center. It was an amazing process that will provide benefits for many years to come.

## Properties

Spring saw the annual cleaning and waxing of the Center's floors. Outdoors, basketball and volleyball nets were set up, and fresh sand and toys were added to the sandbox. Flowerbeds were planted, mulched, and weeded. Benches, picnic tables, and the swing set equipment at the Center were set out for the season. A new volleyball net for the field was identified and procured for next summer. The Porta Potty at the Center was staked to the ground to prevent it from blowing over. In the fall, gutters were cleaned, and the field equipment, altar, and benches were stored in the basement. The picnic tables were stacked under the pavilion, and the Center swing set equipment was stored in the basement. Tree branches hanging down over the Center and pavilion roof were trimmed to prevent roof damage. Finally, at the close of the season, upgraded bathrooms and new flooring installation began.

## Finance

Hartville Migrant Ministry expects to end 2019 with a slight surplus. Contributions were higher than budget, but were offset by grants that were lower than planned. Lower expenditures for medical costs and building maintenance were offset by higher program expenses. Our Supporters adopted a balanced bud-

We extend our gratitude for funding support through the following grants—

**Akron Children's Hospital Residency Program**

Donated the professional services of the Residents.

**americares**

**AmeriCare**

Donation of medication to assist with patient care.

**Area Health Education Centers (AHEC)**

Funded the medical clinic in order to provide interdisciplinary/professional training. This grant assisted with interpreters' fees, professional clinic fees, and publication costs.

**The Aultman Foundation**

Awarded the Center a grant to upgrade medical equipment allowing for a more efficient clinic.

**Aultman Hospital**

Donated the professional services of Dr. Wurst and Family Medicine Residents.

**Community Health Services Foundation**

Provided funding for the Prescription Voucher Program helping to defray the costs of prescriptions for migrants.

**Home Savings**

Allowed the Sports Night program to offer three different sports and coaches each night.

### **The Hoover Foundation**

Provided funding to assist in the daily operations of the Hartville Migrant Center.

### **The North Canton Medical Foundation**

Provided funding to assist with acute and preventative medical treatments, immunizations, laboratory tests, and radiology for clinic patients.

### **The Ohio Department of Health Uninsured Care Funds (UCF) Grant**

Through the help of the Ohio Association of Free Clinics, the grant provided funding to assist in the operation of the Health Clinic.

### **Ramsburg Insurance & Financial Services**

Funding to support scholarships for students working with vulnerable populations in 2020.

### **St. Michael Archangel**

Funding for the end of the season Catholic Mass.

### **Thrivent Financial**

Offered grants for welcome bag items and volunteer orientation.

We receive many generous donations from individuals, groups, and organizations supporting the HMC programs and services. Thank you to all the churches, businesses, and individuals who carry out the ministry of HMC. Our mission is accomplished only with your continued support.
