

Hello Autumn

Season Closure

ISSUE NO. 9 | OCT, 2023

"For the Good of Our Neighbors"
- Corinthians 10:24

Hearts of Hartville

Last week, Dr. Joe Sebastian of Aultman Hospital served at the migrant center for the last time as he and his family prepare to relocate out of state in the coming months. Dr. Sebastian has been an incredible asset to our organization, coming in every Tuesday evening for the past several years to offer incredible medical care to our patients. The HMM staff, along with the entire migrant community, will greatly miss Dr. Sebastian's kind personality and positive attitude. He's made a huge impact on all of us and we know he'll continue to impact the lives of many. Good luck, Dr. Sebastian, and thank you again!

Medical Clinic by the Numbers

As many of you know, our medical clinic is the oldest free clinic in Ohio, and possibly the oldest clinic in the country dedicated to serving the migrant farmworker community. Year after year, our amazing team of volunteer medical professionals delivers high quality care to members of Hartville's migrant community and their family members. Check out this year's success by the numbers.

Patients Served	136
# of Visits	383
# of Dental Appt.	44
# of Counseling Appt.	27
# of Prescriptions Ordered	158
# of Labs/Diagnostics	167

Community Spotlight

This month's community spotlight is on the **Amigas Cooperative**. The Amigas program is a co-op through Canton's Immigrant Worker Project. Through this program, migrants (majority women) find affirming work as they transition to the United States. These women create jewelry, offer cleaning services and prepare delicious, Latin American food for catered events. The Amigas catered many of the migrant center's events this summer, including every Sunday soccer night. Their food was a huge hit and they were a pleasure to work with! If interested in Amigas catering, email mpenaiwpohio@gmail.com

SEE YOU **Soon!**

As the growing season comes to an end, most of our wonderful migrant families relocate down south for work during the winter months. We wish them all the best and can't wait to see them back in Hartville come May 2024!
